CONTENTS

Volume 38. No. 1—January

Editorial
The intestine and human immunodeficiency virus 1
Griffin, G. E.

Lior-serotype variants in *Campylobacter* isolates from the same stool sample 3
Zöllner, B. and Wuthe, H.-H.

Biotype and molecular fingerprints of metronidazole-resistant strains of *Helicobacter pylori* from antral gastric mucosa 6
Owen, R. J., Bell, G. D., Desai, M., Moreno, M., Gant, P. W., Jones, P. H. and Linton, D.

In-vitro activity of peritoneal cells from rats after intra-abdominal infection with *Bacteroides fragilis* and *Escherichia coli* 13
Verweij, W. R., Namavar, F., Schouten, W. F., Kostense, P. J., Pellenkoft, M., de Graaff, J. and MacLaren, D. M.

Serogroups, serotypes and subtypes of *Neisseria meningitidis* isolated from patients and carriers in Greece 19
Tzanakaki, G., Blackwell, C. C., Kremastinou, J., Weir, D. M., Mentis, A. and Fallon, R. J.

Expression of an inaccessible P1.7 subtype epitope on meningococcal class 1 proteins 23
Wedege, E., Dalseg, R., Caugant, D. A., Poolman, J. T. and Frøholm, L. O.

Molecular epidemiology of chronic pulmonary colonisation by *Pseudomonas aeruginosa* in cystic fibrosis 29
Boukadida, J., de Montalembert, M., Lenoir, G., Scheinmann, P., Véron M. and Berche, P.

Measurement of toxoplasma IgM by a microparticle capture enzyme immuno-assay 34
Hall, Anne V., Johnson, Julie D., Stevens, P. J., Renton, Nicola E. and Holliman, R. E.

Toxoplasma polymerase chain reaction on experimental blood samples 38
Joss, A. W. L., Chatterton, Jean M. W., Evans, R. and Ho-Yen, D. O.

Inhibition of β-adrenergic binding by fungal metabolites 44
Coleman, W. H. and Donta, S. T.

Haemagglutinating activity, serum sensitivity and enterotoxigenicity of *Aeromonas* spp 49
Singh, D. V. and Sanyal, S. C.

Effects of selected surfactants on purified glucosyltransferases from mutans streptococci and cellular adherence to smooth surfaces 54
Kawabata, S., Torii, M., Minami, T., Fujiwara, T. and Hamada, S.

Survival of group A streptococci in dried human blood 61
Reitmeyer, J. C., Ewert, A., Crawford, M. A., Reitmeyer, Geralyn R. and Mock, Lucia

An electronmicroscope study of the effect of sulphadiazine and trimethoprim on *Enterobacter cloacae* 64
Richards, R. M. E., Xing, J. Z., Gregory, D. W. and Marshall, Deborah

Purification and characterisation of intracellular toxin A of *Clostridium difficile* 69
Meng, X. Q., Kamiya, S., Yamakawa, K., Ogura, H. and Nakamura, S.

Announcement 74
Books Received 74

Volume 38. No. 2—February

Editorial
Meningococcal vaccines 77
Jones, D. M.

Vaccine efficacies of elastase, exotoxin A, and outer-membrane protein F in preventing chronic pulmonary infection by *Pseudomonas aeruginosa* in a rat model 79
Gilleland, H. E., Gilleland, Linda B. and Fowler, Marjorie R.

Detection of enterovirulent *Escherichia coli* associated with diarrhoea in Seville, Southern Spain, with non-radioactive DNA probes 87
Rademaker, C. M. A., Martinez-Martinez, L., Perea, E. J., Jansze, M., Fluit, A. C., Glerum, J. H. and Verhoef, J.

Role of fibronectin in staphylococcal colonisation of fibrin thrombi and plastic surfaces 90
Valentin-Weigand, P., Timmis, K. N. and Chhatwal, G. S.

Serum and tissue protein binding and cell surface properties of *Staphylococcus lugdunensis* 96
Paulsson, Marianne, Petersson, Ann-Cathrine and Ljungh, Å.

In-vitro and in-vivo characterisation of resistance to colonisation with *Clostridium difficile* 103
Larson, H. E. and Welch, A.

Characterisation of *Clostridium difficile* strains by polymerase chain reaction with toxin A- and B-specific primers 109
Wren, B. W., Heard, S. R., Al-Saleh, A. I. and Tabaqchali, S.

Stability of cefdinir (C1-983, FK482) to extended-spectrum plasmid-mediated β-lactamases 114
Payne, D. J. and Amyes, S. G. B.

Immunological analysis of the plasmid-encoded proteins from the highly pathogenic *Yersinia enterocolitica* serogroup O8 and the less pathogenic serogroup O3 118
Naumann, M., Hanski, C. and Grützkau, A.

Genetic characterisation of isolates of *Listeria monocytogenes* from man, animals and food 122
Trott, D. J., Robertson, I. D. and Hampson, D. J.

Evolutionary origin and radiation of the avian-adapted non-motile salmonellae 129
Li, Jia, Smith, N. H., Nelson, Kimberlyn, Crichton, Pamela B., Old, D. C., Whittam, T. S. and Selander, R. K.

Identification of *Bordetella pertussis* in nasopharyngeal swabs by PCR amplification of a region of the adenylate cyclase gene 140
Douglas, Elaine, Coote, J. G., Parton, R. and McPheat, W.

***Campylobacter jejuni* adapts to aerobic metabolism in the environment** 145
Jones, D. M., Sutcliffe, E. M., Rios, R., Fox, A. J. and Curry, A.

Phagocytosis of bacterial strains isolated from acute dentoalveolar abscess 151
Lewis, M. A. O., Milligan, S. G., MacFarlane, T. W. and Carmichael, F. A.

Books Received 156

Volume 38. No. 3—March

Editorial
Mobile genetic elements in antibiotic resistance 157
Tait, S.

The contrasting effects of progesterone and oestrogen on the susceptibility of mice to genital infection with *Mycoplasma pulmonis* 160
Furr, P. M. and Taylor-Robinson, D.

Rapid detection of *Mycoplasma pneumoniae* in clinical samples by the polymerase chain reaction 166
Kai, M., Kamiya, S., Yabe, H., Takakura, I., Shiozawa, K. and Ozawa, A.

The role of a 54-kb plasmid in the virulence of strains of *Salmonella* Enteritidis of phage type 4 for chickens and mice 171
Halavatkar, H. and Barrow, P. A.

Antigenic diversity in flagellar epitopes among *Bacillus piliformis* isolates 177
Boivin, G. P., Hook, R. R. and Riley, L. K.

Diagnostic efficacy of a DNA probe in pneumonia caused by *Legionella* species 183
Finkelstein, R., Brown, P., Palutke, W. A., Wentworth, B. B., Geiger, J. G., Bostic, G. D. and Sobel, J. D.

Bacteriology of brain abscess – observations on 50 cases 187
Lakshmi, V., Rao, R. R. and Dinakar, I.

Opsonisation of group B streptococci and restriction endonuclease digestion patterns of their chromosomal DNA 191
Takahashi, S., Nagano, Yukiko, Nagano, N., Fujita, K., Taguchi, F. and Okuwaki, Y.

Detection of penicillin tolerance in *Streptococcus pyogenes* 197
Van Asselt, G. J. and Mouton, R. P.

Genetic analysis of methicillin-resistant *Staphylococcus aureus* from a Nigerian hospital 203
Udo, E. E. and Grubb, W. B.

Opsonic requirements of *Helicobacter pylori* 209
McKinlay, A. W., Young, Anne, Russell, R. I. and Gemmell, C. G.

Naturally-occurring, osmo-remedial variants of *Escherichia coli* 216
Kunin, C. M., Tong, H. H. and Maher, W. E.

Examination of archetypal strains of enteropathogenic *Escherichia coli* for properties associated with bacterial virulence 222
Robins-Browne, R. M., Yam, W. C., O'Gorman, L. E. and Bettelheim, K. A.

Isolation and purification of *Aeromonas sobria* cytotonic enterotoxin and β-haemolysin 227
Gosling, P. J., Turnbull, P. C. B., Lightfoot, N. F., Pether, J. V. S. and Lewis, R. J.

Books Received 235

Volume 38. No. 4—April

Editorial
Immunotherapy of sepsis 237
Evans, T. J. and Cohen, J.

Affinity of the gastric pathogen *Helicobacter pylori* for the N-sulphated glycosaminoglycan heparan sulphate 240
Ascencio, F., Fransson, L. Å. and Wadström, T.

Characterisation of a *Helicobacter pylori* phage (HP1) 245
Heintschel Von Heinegg, Evelyn, Nalik, H. P. and Schmid, E. N.

The role of thymine starvation in the expression of type IV plasmid-encoded trimethoprim-resistant dihydrofolate reductase 250
Thomson, C. J., Young, Hilary-Kay and Amyes, S. G. B.

The induction of trimethoprim resistance encoded by the type IV dihydrofolate reductase gene 256
Young, Hilary-Kay, Thomson, C. J. and Amyes, S. G. B.

Antiviral properties of the seed extract of an Indian medicinal plant, *Pongamia pinnata*, Linn., against herpes simplex viruses: in-vitro studies on Vero cells 262
Elanchezhiyan, M., Rajarajan, S., Rajendran, P., Subramanian, S. and Thyagarajan, S. P.

Immunohistological characterisation of acute herpes simplex virus infection of lumbar dorsal root ganglia in the rat 265
Blondeau, J. M., Aoki, F. Y. and Nagy, J. I.

Analysis of an outbreak of variably methicillin-resistant *Staphylococcus aureus* with chromosomal RFLPs and *mec* region probes 270
Stewart, P. R., El-Adhami, W., Inglis, Barbara and Franklin, J. Clare

Intracellular persistence of chlamydial major outer-membrane protein, lipopolysaccharide and ribosomal RNA after non-productive infection of human monocytes with *Chlamydia trachomatis* serovar K 278
Schmitz, E., Nettelnbreker, Eva, Zeidler, H., Hammer, M., Manor, Esther and Wollenhaupt, J.

Immunoglobulin-A detection and the investigation of clinical toxoplasmosis 286
Patel, Bindya, Young, Yvonne, Duffy, Kim, Tanner, R. P., Johnson, Julie and Holliman, R. E.

Characteristics of an avirulent *Campylobacter jejuni* strain and its virulence-enhanced variants 293
Field, Leanne H., Underwood, Judy L., Payne, Shelley M. and Berry, L. J.

Obituary Notice 301

Announcements 304

Erratum Volume 38 No. 1 January 1993 pp. 38–43. Toxoplasma polymerase chain reaction on experimental blood samples 306
Jose, A. W. L., Chatterton, J. M. W., Evans, R. and Ho-Yen, D. O.

Books Received 307

Volume 38. No. 5—May

Editorial
MRSA: Major problem or minor threat? 309
Cookson, B. D.

A review of the correlation of T-agglutination patterns and M-protein typing and opacity factor production in the identification of group A streptococci 311
Johnson, D. R. and Kaplan, E. L.

Pathological changes in the rabbit ileal loop model caused by *Campylobacter jejuni* from human colitis 316
Everest, P. H., Goossens, H., Sibbons, P., Lloyd, D. R., Knutton, S., Leece, R., Ketley, J. M. and Williams, P. H.

Typing of *Listeria* spp. by random amplified polymorphic DNA (RAPD) analysis 322
MacGowan, A. P., O'Donaghue, Kerry, Nicholls, Suzette, McLauchlin, J., Bennett, P. M. and Reeves, D. S.

Polymerase chain reaction amplified HTLV-I, HIV-1 and HIV-2 DNA fragments in subjects with mixed retroviral infections 328
Kolesnitchenko, V., Agius, G., Zagury, J. F., Laaroubi, K., Achour, A., Castets, M. and Zagury, D.

Effect of clearance of bacteria from the blood on the development of systemic bacteraemia in mice 337
Hirakata, Y., Kaku, M., Furuya, N., Matsumoto, T., Tateda, K., Tomonot, K. and Yamaguchi, K.

Oral infectivity and bacterial interactions with mononuclear phagocytes 345
Wells, C. L., Feltis, B. A., Hanson, D. F., Jechorek, R. P. and Erlandsen, S. L.

Clearance and tissue distribution of staphylococcal enterotoxin A in the rat and potential use of adsorbents for removal from plasma 354
Nagaki, M., Hughes, R. D., Keane, Helen M., Goka, J. and Williams, R.

Comparison of two gene amplification methods for the detection of *Toxoplasma gondii* in experimentally infected sheep 360
Wastling, J. M., Nicoll, S. and Buxton, D.

Subtyping of *Neisseria gonorrhoeae* auxotype-serovar groups by pulsed-field gel electrophoresis 366
Poh, C. L. and Lau, Q. C.

Ultrastructure and biochemical studies of the flagellar sheath of *Helicobacter pylori* 371
Geis, G., Suerbaum, S., Forsthoff, B., Leying, H. and Opferkuch, W.

Outer-membrane protein and immunoblot analysis of Australian isolates of *Haemophilus influenzae* 378
Hansman, D. and Lawrence, A.

Detection of *Clostridium difficile* enterotoxin gene in clinical specimens by the polymerase chain reaction 384
Boondeekhun, Helen S., Gurtler, V., Odd, Maryann L., Wilson, Vicki A. and Mayall, B. C.

Books Received 388

Volume 38. No. 6—June

Editorial
Iron and infection: better understanding at the molecular level but little progress on the clinical front 389
Griffiths, E.

Co-agglutination (Co-A) test for circulating antigen in hydatid disease 391
Shariff, M. and Parija, S. C.

Induction of inflammatory cytokines by a soluble moiety prepared with an enzyme lysate of *Actinomyces viscosus* cell walls 395
Takada, H., Kimura, S. and Hamada, S.

Sensitisation of cariogenic bacteria to killing by light from a helium-neon laser 401
Burns, T., Wilson, M. and Pearson, G. J.

Prevalence of *Treponema denticola* and *Porphyromonas gingivalis* in plaque from periodontally-healthy and periodontally-diseased sites 406
Wilson, M., Lopatin, D., Osbourne, G. and Kieser, J. B.

Confocal laser scanning microscopy of peritoneal catheter surfaces 411
Gorman, S. P., Mawhinney, W. M., Adair, C. G. and Issouckis, M.

The morphology of *Chlamydia pneumoniae* 418
Miyashita, N., Kanamoto, Y. and Matsumoto, A.

Comparison of different primer sets for detection of *Chlamydia trachomatis* by the polymerase chain reaction 426
Roosendaal, R., Walboomers, J. M. M., Veltman, O. R., Melgers, I., Burger, C., Bleker, O. P., MacLaren, D. M., Meijer, C. J. L. M. and Van den Brule, A. J. C.

Serogroup F strains of *Clostridium difficile* produce toxin B but not toxin A 434
Depitre, C., Delmee, M., Avesani, V., L'Haridon, R., Roels, A., Popoff, M. and Corthier, G.

Alteration of transfer ribonucleic acid of *Neisseria meningitidis* during growth in the presence of human transferrin 442
Ala'Aldeen, D. A. A., Borriello, S. P. and Griffiths, E.

Diagnosis of *Pneumocystis carinii* pneumonia: specificity and sensitivity of polymerase chain reaction in comparison with immunofluorescence in bronchoalveolar lavage specimens 449
Tamburrini, Enrica, Mencarini, Paola, De Luca, A., Maiuro, G., Ventura, G., Antinori, A., Ammassari, Adriana, Visconti, Elena, Ortona, L., Siracusano, Alessandra, Ortona, Elena and Vicari, G.

The effects of RU41.740, a glycoprotein immunomodulating agent derived from *Klebsiella pneumoniae,* on intra-abdominal abscess formation in mice 454
Finlay-Jones, J. J., Boyden, A. N., Tillett, E. J., Hart, P. H., Spencer, L. K., Reznikov, M. and McDonald, P. J.
